

G545U UPRIGHT CYCLE

SportsArt ECO-POWR™ cycles are part of our green technology product line with integrated micro-inverters and the first of its kind to harness the power of human energy and put it back into the grid. When plugged into a power outlet the human energy generated converts to utility-grade electricity, offsetting energy expenditure.

KEY FEATURES

- ECO-POWR™ integrated inverter
- Fore-mid-aft seat adjustment allows for optimal seat positioning
- Unique low profile shroud allows easy access
- Contact heart rate pads allow users to easily obtain heart rate information
- Oversized pedals feature quick strap adjustment for easy customization
